

**TotalEnergies**

TotalEnergies Marketing Kenya Plc

Date: September 2022

DIRECTIVE  
DIR-TKEN-07

## ENERGY MANAGEMENT DIRECTIVE

**TOTALENERGIES MARKETING KENYA PLC** is committed to the highest standards of energy efficiency, conservation and sustainable development in its operations. In compliance with local laws and regulations and the TotalEnergies Company Safety Health Environment and Quality Charter, this commitment is to energy conservation and efficient and environmentally responsible use of all forms of energy in our operations in order to mitigate climate change through the reduction of greenhouse gases and to promote access to energy.

The management will ensure the achievement of the highest standards of operation by pursuing the following actions:

- Compliance with the requirements of the Energy Act (2019), the Energy Management Regulations (2012) and any other applicable local laws and regulations relating to energy use and management.
- Provision of human and material resources necessary to achieve energy efficiency and conservation in all operations.
- Staff training to ensure competence in energy efficiency and conservation.
- Establishment and implementation of a strategic plan for energy efficiency and conservation and continuous improvement.

All of us at all levels of the organization shall endeavor to promote energy conservation and ensure efficient use of all forms of energy in our day to day activities in compliance with this Policy.

Approved by:

  
**Eric FANCHINI**  
MANAGING DIRECTOR

The above Energy Management Directive meets the requirements of The Energy (Energy Management) Regulations, 2012 and is hereby approved by the Energy & Petroleum Regulatory Authority.
